

## Global Partner Management Notice - COMPLIANCE MANDATE

Subject: **Adherence to FleetCor<sup>®</sup> Amount Approved for Automated Fuel Pumps**

**Effective March 31, 2009 FleetCor is requiring integrated POS systems to use the approved amount returned in an automated fuel pump (AFP) authorization response to authorize the pump.** The approved amount may be different than the requested amount sent by the AFP system.

For all FleetCor<sup>®</sup> card automated fuel pump transactions, the FleetCor<sup>®</sup> host returns an approved maximum dollar amount in the Authorization Response which is used to authorize the pump. This amount may differ from the amount in the original Authorization Request transmitted by the device. If the approved maximum dollar amount is **more than** the AFP pump limit, the pump limit may take precedence. If the approved maximum dollar amount is **less than** the AFP pump limit, the approved maximum dollar amount takes precedence. For all FleetCor<sup>®</sup> card in-store transactions, approval/denial is based on the actual amount sent in the Authorization Request therefore this requirement does not apply.

FleetCor<sup>®</sup> ISO's (bin ranges) affected:

- Fuelman<sup>®</sup> - Bin 707649
- FleetWide<sup>®</sup> (formerly Gascard<sup>®</sup>) - Bin 707685

### Next Steps/Additional Information:

Please refer to the latest version of the "BUYPASS<sup>®</sup> Platform Petroleum Industry Processing Specifications."

The following table describes the message formats for the BUYPASS<sup>®</sup> platform that support the FleetCor Authorization Requirement:

If you have coded to BUYPASS <sup>®</sup> using this message format....	FleetCor <sup>®</sup> AFP approved authorization amount will or will not be supported.
Asynchronous	Not Supported
ATL100, ATL101, or ATL102	<b>Supported</b> – Refer to <a href="http://www.fdms.com">www.fdms.com</a> for the latest version of the "BUYPASS <sup>®</sup> Platform Petroleum Industry Processing Specification."
ISO 8583	<b>Supported</b> – Refer to <a href="http://www.fdms.com">www.fdms.com</a> for the latest version of the "BUYPASS <sup>®</sup> Platform Petroleum Industry Processing Specification."

Best Regards,
