

Merchant Cash Advance

Get the working capital your business needs

First Data is proud to partner with Evolocity Financial Group, a leader in Canadian small business financing. Together, First Data and Evolocity offer you simple financial solutions tailored to help your business grow.

At times, it may be tough for your small business to get investment capital through traditional loans. Our Merchant Cash Advance program is the solution. We have approval rates of 85%¹ and only require a single page application, minimal documentation and charge no application fees.

HOW DOES IT WORK?

The Merchant Cash Advance Program makes repaying your advance incredibly simple: a small, agreed upon percentage of your daily credit and debit card sales is retained to pay back your advance, so you can spend more time focusing on what counts – your business. This percentage is automatically taken from your daily credit card processing settlements with First Data.

HOW DO YOU QUALIFY?

- ✓ You have a Canadian-based business
- ✓ You have an active commercial lease
- ✓ You accept debit and credit cards
- ✓ You have average monthly sales of \$10,000
- ✓ You have been in business for at least 6 months

The Merchant Cash Advance program makes it easy to invest in your business using the money you're already making!

For more information, contact one of our Business Consultants at 1-800-352-3431 or visit www.firstdata.com/ca/mca.

¹85% approval rate includes renewal rates.
