Corporate Incentive Solutions

The easy way to deliver compelling incentives that reward desired customer or employee behavior. This comprehensive Money Network solution includes program management, card production and expert client service.

Payments and Disbursements

Electronically distribute money quickly and easily. Great for organizations of any size that rely on paper checks to disburse funds, including financial aid and insurance claims.

Simplify consumer finances by providing them with an all-purpose Card for receiving, spending, and managing their money in real-time. Easy-to-use features include Direct Deposit of wages and other income, transfers, online bill pay, ATM access and more.

Email, phone, or text to get started today.
Today’s consumers want more from their money.

More time: Funds are deposited directly into their Money Network Account, giving them easy access to their money.

More options: Consumers can take advantage of all or a portion of their wages, person-to-person transfers, Piggy Bank, online bill pay and other convenient money management tools.

More savings: By electing the Money Network Service, a consumer can save between $150-$200 per year instead of relying on a check cashing service or enrolling in a basic checking account*.

More protection: Cardholders get immediate access to their FDIC-insured funds without the worry of unauthorized Card purchases and 24/7 customer service just a phone call away.

“At the forefront of electronic payment delivery, Money Network partners with organizations of all sizes to streamline payment distribution, reduce costs, and increase efficiency. Through a combination of innovative technology and consumer focus, Money Network helps businesses transform their payments strategy using our seamless, secure, and convenient solutions.”
