

First Data[®] Output Services

Your customers demand more personalized, convenient services.

Every customer “touchpoint” is an opportunity for you to drive customer engagement, retention, and to help grow your business. First Data supports your customers throughout the entire account lifecycle.

We provide end-to-end card fulfillment services that put purchasing power into the hands of your customers. Our communications options leverage your account statements, letters and digital correspondence to help you stay in front of your customers. And First Data also provides seamless, automated remittance services — processing paper-based or electronic customer payments.

It's a big capital investment and staff commitment to manage these customer support services in-house. With First Data company-wide resources, you benefit from comprehensive billing and payment solutions under one roof — holistic customer support that helps save you time and money.

Output Services Benefits

Customer Engagement — Our solutions help you meet the demand for more personalized customer services.

Holistic Support — Customer services throughout the entire account lifecycle — from card fulfillment to payment processing, all supported by targeted customer communications.

Flexible — Outsource all or part of your in-house operations to help reduce your expenses and staffing commitment.

First Data®

Card Production Solutions

First Data combines efficient Card Production Solutions with our powerful processing platform to meet your specific business needs. We offer EMV® enabled, credit, debit and private-label card production services. But First Data doesn't stop there — our services also include procurement, inventory management, warehousing and optimized delivery.

Get creative and personalize your payment cards with quality embossing, digital printing or laser etching. Our end-to-end card fulfillment also provides you with diverse card carriers, cost-effective mailings, tracking and returned mail management.

Our Services and Support

An industry leader, First Data offers card production accuracy, flexible design options, data security safeguards and continuous innovation to help you achieve your business goals.

Getting payment cards into the hands of your customers is easy and efficient with our production capabilities and issuance services:

Our Operational Scale

5.1B Printed pages produced annually

70% Documents produced are printed in color

#1 Largest mailer of First Class Presorted Mail from one location in the U.S.

2.2B Mail pieces processed

Customer satisfaction and loyalty have a major impact on your revenue and profitability. One key factor is the relevance and clarity of your customer communications. Your customers expect to access and receive information about their accounts and services 24 / 7 — whether by mobile device, online or through traditional channels like print, mail or a live agent.

First Data helps keep you in front of your customers through a superior set of both paper and electronic correspondence tools — clear and consistent communications at virtually any time, across multiple channels.

With our holistic view across the full payments cycle, First Data brings exceptional insight and intelligence to your document production — including flexible design options and inventory management.

Our Print Capabilities

We help you provide your customers with the account information they need in the format that they want.

First Data's customer document design, variable messaging, and decisioning-based offers are all delivered through state-of-the-art composition tools. Our document formatting options include enhanced layout and design capabilities:

- Flexible messaging
- Full color print capabilities with selective perforation for dynamic coupon and check offers
- Two dimensional QR bar codes
- Weight management
- White space management
- Mail piece thickness management
- Data-driven charts and tables
- Credit bureau score information

Convert your customer communications into a strategic advantage — rather than just monthly statements, letters or notices.
