

Triton® RL2000 Retail ATM

The Triton RL2000 model is the latest in affordable automatic teller machine (ATM) solutions and combines advanced capabilities with a streamlined, walk-up design.

Both flexible and functional, the Triton RL2000 model is the choice for both high- and low-traffic business locations and serves as both a potential stream of income and a convenient source of cash for customers.

The Triton RL2000 ATM's innovative features—including an embedded PC-based platform, Microsoft® Windows® CE 5.0 operating system with Triton's X2 technology—help make the RL2000 model a reliable and convenient ATM solution. In addition, the platform is expandable, allowing the RL2000 model to meet future compliance and application needs.

The Triton RL2000 model is part of a complete turnkey ATM solution that includes installation, comprehensive training, technical support and reporting features.
